Join us in an effort to map your community using location aware and mobile technologies! Your work will inform and recommend changes to local stakeholders about making the city better for young people.

If you're **between 11 and 17 years old**, participating in DYN or NYSCI programming, and interested, have a parent or guardian contact us at: mcs@uw.edu

A collaborative project funded by the National Science Foundation between University of Washington's College of Education, Digital Youth Network, and New York Hall of Science
